Match schedule for 2026 groundhog matches will be released by end of January. The Groundhog Match is looking for a new match director. Anyone with interest can contact Brandon O'Donnell at 814-421-1118 by the third week in January for additional details and to have input in the schedule. There is a possibility of a condensed four match schedule for the 2026 season. More to come when we release the dates. We look forward to seeing our shooters this spring.

Thanks Brandon
